

**LIFTMASTER® INTERNET GATEWAY SYSTEM
LICENSE AGREEMENT AND TERMS OF USE**

The following License Agreement and Terms of Use (these “**Terms**”) will govern your use of (A) the proprietary LiftMaster® Internet Gateway System, including the web-based and mobile web interfaces thereto, (B) any available mobile device applications usable in connection therewith, and (C) the software and functionality contained in the LiftMaster® Internet Gateway device or any other interface device used in connection with your garage door opener or other product (collectively the “**System**”). The System is owned, provided and operated by The Chamberlain Group, Inc. (“**Chamberlain**”). Please read these Terms carefully. **BY ACCESSING OR USING THE SYSTEM, OR DOWNLOADING, OPENING AND/OR INSTALLING THE LIFTMASTER® INTERNET GATEWAY DEVICE AND/OR ANY RELATED APPLICATION, YOU (“Licensee”) REPRESENT AND WARRANT THAT YOU ARE 18 YEARS OF AGE OR OLDER, AND ACCEPT AND AGREE TO BE BOUND BY THESE TERMS OF USE.**

1. **License Granted.** Upon and subject to acceptance by Licensee of these Terms, Chamberlain hereby grants Licensee a non-exclusive, non-transferable and non-sublicensable license to use the System subject in each instance to these Terms and solely in connection with a Chamberlain Gateway device. The System may initially be accessed through Chamberlain’s proprietary web site (www.myliftmaster.com and www.myliftmaster.com/mobile) (the “**Site**”). Licensee will select a unique password (“**Password**”) to access the System through the Site; thereafter Licensee may access the System through the Site, the mobile web interface, or one or more mobile device applications. Licensee acknowledges and agrees that Chamberlain has and will retain all right, title, interest and ownership in and to the Site and the System, including, but not limited to, any trademarks, copyrights, patents and trade secrets with respect thereto or contained therein.
 2. **Service Fees.** The initial term of the License granted hereunder is twelve (12) months following Licensee’s purchase of the LiftMaster® Internet Gateway device, during which period the License is provided without additional charge. Prior to the end of such initial period, Chamberlain will notify Licensee by e-mail and if Licensee elects to continue use of the System and extend the term of the License on an annual basis, Licensee must make payment arrangements through the site to enter into a subscription agreement and in consideration for the extended term of the License granted to Licensee, Licensee agrees to pay the annual Service Fees specified in such subscription agreement, as they may be modified from time to time as provided in Section 13 hereof. If Licensee does not extend the initial term or any extended prior to its expiration, this License and Licensee’s ability to access the System will terminate. Licensee would then need to reactivate the System and pay the applicable Service Fees to resume use of the System. Licensee shall also pay any sales, use, excise, personal property or other taxes of similar nature levied upon Service Fees or Licensee’s use of the System (collectively, “**Taxes**”). If full payment for any extended term is not received when due, Chamberlain may terminate the License and deactivate the Password without notice.
 3. **Use of System; Disclaimers.** The System allows users to remotely activate barrier operators, lights and/or other household appliances that are connected to the LiftMaster® Gateway device, and to obtain information on the status and usage of and remotely monitor such items (e.g., garage door currently closed; garage door opened for 1 hour). More information about the functionality and capabilities of the System is available at www.myliftmaster.com.
- **WARNING: To reduce the risk of SERIOUS INJURY or DEATH, NEVER permit children to operate or play with operator controls, and NEVER use operator or light controls while driving.**

Licensee acknowledges and agrees that:

- a. the System is NOT an “alarm” or security system, and is not intended to function or be used as such. Chamberlain does not provide central station or other monitoring of the System or any items connected to the System; such monitoring is solely the responsibility of Licensee. The System does NOT provide fire, heat, smoke, carbon monoxide, burglar, motion sensor, or other

alarm or detection capabilities and should not be used as a substitute for appropriate home safety detectors or equipment or other items required by applicable laws or building codes.

- b. Licensee is solely responsible for ensuring that all equipment connected to the System is correctly and safely installed and maintained in proper working order; Chamberlain shall have no liability for the failure or malfunction of any device connected to or activated by the System, including the Gateway device hardware and Licensee agrees that the hardware manufacturer or supplier is solely responsible for hardware failures or malfunctions.
 - c. Licensee is solely responsible for providing internet connectivity and electric power needed to operate the System. Chamberlain shall have no responsibility for interruptions of electric power or internet connectivity, whether localized to Licensee or applicable to the System as a whole. Chamberlain does not guarantee that the System will function error-free or without interruption, and shall have no liability for any damages as a result of System unavailability for any reason.
 - d. The System may use “cookies” and IP addresses and/or retain user-specific information to enable the System to provide its intended functionality. If cookies are turned off, some System features may not be available (see Section 15 below for information about privacy matters). The System will automatically download updates for the Site and for any Applications. Licensee consents to the same, and agrees to receive such downloads. Chamberlain is not responsible for any loss of System data, whether through power outage, failure of internet connectivity, or otherwise. If Licensee terminates this License or allows it to expire, Licensee data may not be preserved.
 - e. Chamberlain does not warrant or represent that the functions contained in the System will meet Licensee's requirements or the provisions of any state or federal law or building code, insurance requirements, or similar regulations.
 - f. Licensee understands that any application connected to the internet is subject to inherent risks common to the internet, such as hackers, viruses, *et cetera*. Chamberlain shall not be responsible for wrongful acts of any third party committed through use of the internet that may affect Licensee or the System.
 - g. Chamberlain warrants that the System will function substantially in accordance with the published specifications found on the Site, as updated from time to time. All other warranties relating to the System or the operation or use thereof, express or implied, are hereby disclaimed and excluded, including, without limitation, any implied warranties of merchantability, fitness for a particular purpose or non-infringement.
4. **Restrictions on Use.** Licensee shall not use the System with any equipment for which it is not designed or that is not properly installed and in good operating condition. Licensee shall not reverse engineer or decompile the System, or permit or assist any other person to do so. Licensee shall be responsible for any use of the System by any person to whom Licensee makes its Password available. Licensee will use the System for Licensee's own purposes only, and not for rent or for hire. By downloading, accessing and/or using the System or any Application, Licensee represents and warrants that Licensee is of legal age to form a binding contract.
5. **Operational Information.** Licensee is responsible for reviewing the instructions, FAQ and user information available at www.myliftmaster.com and www.liftmaster.com and ensuring that every authorized user understands how to operate the System, the Site and any Applications.
6. **Password and Licensee Security Obligations.**
- a. Licensee will select an initial Password. Should Licensee lose its Password, Chamberlain will issue a randomly generated replacement Password to Licensee; Licensee should immediately

use the System to change such Password to a Password selected by Licensee. Licensee is encouraged to change its Password regularly. Licensee is responsible for requesting a new Password if needed for any reason. Repeated incorrect attempts to log on will result in deactivation of the Password for security purposes, and Licensee will need to request a new Password. In the event of a security breach of Licensee's password, Licensee shall provide such assistance to Chamberlain as may be requested by Chamberlain in the investigation of any unauthorized use and any enforcement proceedings in connection therewith.

- b. Licensee acknowledges that only one user log-in per account is available; any additional users Licensee chooses to authorize shall comply with these Terms and must use the same e-mail address and Password to log in to the System. Licensee is responsible for taking all steps as are necessary or prudent to safeguard its Password and ensure that any authorized users of the System comply with these Terms.
 - c. Licensee acknowledges that the System has multiple security setting options. The System's default setting, and Chamberlain's recommendation, is the highest security level setting available. However, Licensee has the option to set the System to a lower level of security if Licensee so chooses. Chamberlain shall have no liability for unauthorized use of the System as a result of Licensee's choice of security level settings.
7. **Mobile Application Availability.** Chamberlain may from time to time make available applications ("**Applications**") allowing the System to be accessed and operated through mobile devices. Chamberlain does not guarantee that the Applications will be available for, or function in connection with, all mobile devices.
8. **Additional Provisions for Applications.** The following provisions apply to the specific Applications indicated:

For Applications Containing Open Source Code: The terms of Exhibit A attached hereto are incorporated herein by this reference; such terms are part of these Terms for Applications containing open source code and govern Licensee's use of such Applications.

For Apple Applications: The terms of Exhibit B attached hereto are incorporated herein by this reference; such terms are part of these Terms for Apple Applications and govern Licensee's use of such Applications.

For Android and RIM/BlackBerry Applications: The terms of Exhibit C attached hereto are incorporated herein by this reference; such terms are part of these Terms for Android and RIM/BlackBerry Applications and govern Licensee's use of such Applications.

9. **Termination.** Licensee may terminate Licensee's use of the System without cause at any time; however, no refund will be issued for any unused portion of the License term. Chamberlain may terminate Licensee's access to the System if Licensee fails to pay Service Fees or if Chamberlain determines that Licensee has violated these Terms. Termination shall not relieve Licensee of any obligation to pay Service Fees or other obligations accrued prior to the effective date of termination.
10. **Indemnity and Release; Limitation of Liability.**
- a. Licensee agrees to indemnify, defend and hold Chamberlain harmless from any expense or damage arising or resulting from Licensee's breach of these Terms.
 - b. Licensee hereby releases Chamberlain and its agents, employees, and independent contractors from liability for any loss or damage, including any special, indirect, incidental or exemplary damages and consequential damages including, but not limited to, loss of anticipated profits or economic loss, even if Chamberlain has been advised of the possibility of such loss or damage,

in connection with or arising out of Licensee's use of the System, or the interruption or loss of any service provided through the Site.

- c. In the event of any breach of these Terms by Chamberlain, Licensee's sole remedy shall be, at Chamberlain's option, the re-performance of the affected service by Chamberlain, or refund of the applicable Service Fee paid by Licensee for such service. Licensee agrees that Chamberlain's aggregate liability under any theory of recovery shall not exceed the lesser of \$500 or the amount of Service Fees actually paid to Chamberlain by Licensee for use of the System. This limitation is a material inducement for Chamberlain to furnish the System to Licensee.
11. **Compliance with Laws.** Licensee agrees to comply with all Laws relating to its access to and use of credit information, and will not use the Site or the System for any illegal, improper or discriminatory purpose. Licensee acknowledges and agrees that Licensee remains at all times solely responsible for any required validation of the basis on which its credit decisions are made.
12. **Notices.** Licensee will address any written notice to Chamberlain to 845 Larch Avenue, Elmhurst, Illinois 60126, or another address designated in writing by Chamberlain to Licensee. Chamberlain will address any written notice to Licensee to Licensee's e-mail address provided when activating the System; Licensee hereby consents to receive all notices and other communications relating to the System, so long as Licensee uses the System and for a period of up to 180 days thereafter, at such e-mail address and agrees that Licensee is solely responsible for monitoring such e-mail address and updating the e-mail address if necessary.
13. **Agreement and Amendment.** These Terms are effective upon acceptance by Licensee through its access of the Site or use of the System or Applications, supersede all prior agreements relating to the System, the Site and/or the Applications, and constitute the entire agreement between Licensee and Chamberlain. There are no written or oral understandings that are not fully expressed in these Terms. Service Fees, and these Terms, are subject to change by Chamberlain on thirty (30) days' written notice to Licensee, which may be delivered by electronic mail or by posting on the Site.
14. **Enforcement.** These Terms shall be governed by the laws of the State of Illinois without regard to choice of law principles. You and we agree that if any Dispute arises hereunder, either you or we may demand in writing that the Dispute be arbitrated, in which case you and we agree that you and we will immediately stay any court proceedings and the plaintiff will submit the Dispute to binding arbitration by a single arbitrator under the "Supplementary Procedures for Consumer-Related Disputes" of the American Arbitration Association then in effect, in Chicago, Illinois. More information about the AAA can be found at www.adr.org. We believe arbitration is an impartial means of resolving disputes that is usually faster and less expensive than going to court. If for any reason the AAA cannot hear the dispute, you and we agree to proceed before any mutually-agreed arbitrator or, if unable to agree, before an arbitrator appointed by the Circuit Court of Cook County, Illinois. Each party shall be entitled to one substitution of arbitrator, without cause, as a matter of right. For any Dispute (or part of a Dispute) that is not subject to arbitration, you and we AGREE THAT ANY CLAIM SHALL BE BROUGHT IN THE PARTY'S INDIVIDUAL CAPACITY AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE PROCEEDING, THEREBY WAIVING THE RIGHT TO PARTICIPATE AS A CLASS REPRESENTATIVE OR CLASS MEMBER IN A CLASS ACTION relating in any way to a Dispute, WAIVE ANY RIGHT YOU OR WE MAY HAVE TO A TRIAL BY JURY and agree to have such matter tried by a court without a jury. You and/or we will continue to have the following rights: 1) right to file for bankruptcy in court; 2) right to take legal action to enforce the arbitrator's decision; and 3) right to request that a court of law review whether the arbitrator exceeded its authority. A "Dispute" is any controversy or claim that relates in any way to the System, the Site, any Application, and/or any question regarding whether a matter is subject to arbitration under these provisions. The arbitrator's award shall be final and binding on all parties to the arbitration. Either party may enter judgment on the award in any court. If either you or we are required to enforce this Agreement in court, the prevailing party in such proceeding shall be entitled to its attorneys' fees and costs incurred in doing so. Nothing in this Agreement shall give the

arbitrator any authority, power, or right to alter, change, amend, modify, add to, or subtract from the provisions of these Terms. The parties agree that this provision shall be governed by the Federal Arbitration Act, 9 USC §1 *et seq.* The parties further agree that if any provisions hereof are found to be invalid, the remainder will remain in full force and effect, and shall be binding upon the parties hereto and their respective heirs, executors, representatives, employees, affiliates, successors, and assigns. With respect to any judicial action taken, the parties hereby agree to submit to the exclusive personal jurisdiction of state and federal courts situated in Cook County, Illinois.

15. **Privacy Matters.** Upon registration, Licensee must provide information such as a user name, email address, and ZIP code. Subject to the conditions of this Section, this information will not be disclosed to any third party or used for any purposes, other than operation of the System, including communication with you about System issues, upgrades, renewals, *et cetera*. To operate the System, Chamberlain automatically receives and records information from Licensee's computer, browser and/or mobile devices, including IP address, cookie information, software and hardware attributes, and information relating to barrier controls and/or appliances connected to your System (e.g., last known status and time of last operation). This is necessary for the System to perform its intended functions (if Licensee does not allow cookies, some System features may not be available). Chamberlain also collects aggregate information, that is not identifiable to any particular Licensee, to improve services, conduct research, and provide anonymous reporting for internal and external purposes. Any information may be subject to subpoenas, court orders, or legal process, or to establish or exercise our or your legal rights or defend against legal claims. If necessary, Chamberlain also reserves the right to disclose information in order to investigate, prevent, or take action regarding illegal activities, suspected fraud, situations involving potential threats to the physical safety of any person, violations of these Terms, or as otherwise required by law. Chamberlain may disclose any information to an entity that acquires the System or is contracted to operate the System, in whole or in part. Chamberlain does not knowingly gather any information about any person under the age of 18.

EXHIBIT B

PROVISIONS FOR APPLE APPLICATIONS

1. **Acknowledgement.** Chamberlain and Licensee must acknowledge that the Terms are concluded between Chamberlain and Licensee only, and not with Apple, and Chamberlain, not Apple, is solely responsible for the Application and the content thereof. The Terms for the Application shall be deemed to include by this reference the Usage Rules set forth for Licensed Applications in the Apple App Store Terms of Service as of the date hereof (which Chamberlain and Licensee acknowledge they have had the opportunity to review).
2. **Scope of License:** The license granted to Licensee for the Application is limited to a non-transferable license to use the Application on any iPhone or iPod touch that the Licensee owns or controls and as permitted by the Usage Rules set forth in the App Store Terms of Service.
3. **Maintenance and Support:** Chamberlain, and not Apple, is solely responsible for providing any maintenance and support services with respect to the Application, as specified in these Terms, or as required under applicable law (provided that nothing herein shall expand the scope of Chamberlain's obligations except as expressly specified under the Terms). Chamberlain and Licensee acknowledge that Apple has no obligation whatsoever to furnish any maintenance and support services with respect to the Application.
4. **Warranty:** Chamberlain or the barrier operator/household appliance manufacturer, as applicable, is solely responsible for any product warranties, whether express or implied by law, to the extent not disclaimed in the Terms. In the event of any failure of the Application to conform to any applicable warranty, Licensee may notify Apple, and Apple will refund the purchase price for the Application to the Licensee and, to the maximum extent permitted by applicable law, Apple will have no other warranty obligation whatsoever with respect to the Application, and any other claims, losses, liabilities, damages, costs or expenses attributable to any failure to conform to any warranty will be Chamberlain's sole responsibility (subject to the limitations contained in the Terms).
5. **Product Claims:** Chamberlain and Licensee acknowledge that Chamberlain, not Apple, is responsible for addressing any claims of the Licensee or any third party relating to the Application or the Licensee's possession and for use of the Application, including, but not limited to (i) product liability claims; (ii) any claim that the Application fails to conform to any applicable legal or regulatory requirement; and (iii) claims arising under consumer protection or similar legislation, subject to the limitations set forth in the Terms (which shall not be construed in a manner that would limit Chamberlain's liability beyond the extent permitted by applicable law).
6. **Intellectual Property Rights:** Chamberlain and Licensee acknowledge that, in the event of any third party claim that the Application or the Licensee's possession and use of the Application infringes that third party's intellectual property rights, Chamberlain, not Apple, will be solely responsible for the investigation, defense, settlement and discharge of any such intellectual property infringement claim. Chamberlain's obligations to Licensee shall be subject to the limitations set forth in the Terms.
7. **Legal Compliance:** Licensee represents and warrants that (i) Licensee is not located in a country that is subject to a U.S. government embargo, or that has been designated by the U.S. government as a "terrorist supporting" country; and (ii) Licensee is not listed on any U.S. government list of prohibited or restricted parties.
8. **Developer Name and Address:** Any Licensee questions, complaints or claims with respect to the Application should be directed to Chamberlain at the notice address set forth in the Terms, or

electronically or by telephone at the e-mail address and phone number available via www.liftmaster.com.

9. **Third Party Beneficiary:** Chamberlain and Licensee acknowledge and agree that Apple, and Apple's subsidiaries, are third party beneficiaries of these Terms, and that, upon Licensee's acceptance of these Terms, Apple will have the right, and will be deemed to have accepted the right, to enforce these Terms against Licensee as a third party beneficiary thereof.

10. **No Sale:** The Application(s) are licensed, not sold, to Licensee for use only under these Terms. Chamberlain reserves all rights not expressly granted to Licensee.

11. **Scope of License:** This license granted to Licensee for the Application by Chamberlain is limited to a non-transferable license to use the Application on any iPhone or iPod touch that Licensee owns or controls and as permitted by the Usage Rules set forth in the App Store Terms and Conditions (the "Usage Rules"). This license does not allow Licensee to use the Application on any iPod touch or iPhone that Licensee does not own or control, and Licensee may not distribute or make the Application available over a network where it could be used by multiple devices at the same time. Licensee may not rent, lease, lend, sell, redistribute or sublicense the Application. Licensee may not copy (except as expressly permitted by this license and the Usage Rules), decompile, reverse engineer, disassemble, attempt to derive the source code of, modify, or create derivative works of the Application, any updates, or any part thereof (except as and only to the extent any foregoing restriction is prohibited by applicable law or to the extent as may be permitted by the licensing terms governing use of any open sourced components included with the Application). Any attempt to do so is a violation of the rights of Chamberlain and its licensors. If Licensee breaches this restriction, Licensee may be subject to prosecution and damages. These Terms will govern any upgrades provided by Chamberlain that replaces and; or supplements the original Application, unless such upgrade is accompanied by a separate

license in which case the terms of that license will govern.

12. **Consent to Use of Data:** Licensee agrees that Chamberlain may collect and use technical data and related information, including but not limited to technical information about Licensee's device, system and application software, and peripherals, that is gathered periodically to facilitate the provision of software updates, product support and other services to Licensee (if any) related to the Application. Chamberlain may use this information, as long as it is in a form that does not personally identify Licensee, to improve its products or to provide services or technologies to Licensee.

13. **Termination:** These Terms are effective until terminated by Licensee or Chamberlain. Licensee's rights under these Terms will terminate automatically without notice from Chamberlain if Licensee fails to comply with any Terms. Upon termination, Licensee shall cease all use of the Application, and destroy all copies, full or partial, of the Application.

14. **Services; Third Party Materials.** The Application may enable access to Chamberlain's and third party services and web sites (collectively and individually, "Services"). Use of the Services may require Internet access and that Licensee accept additional terms of service. Licensee understands that by using any of the Services, Licensee may encounter content that may be deemed offensive, indecent, or objectionable, which content may or may not be identified as having explicit language, and that the results of any search or entering of a particular URL may automatically and unintentionally generate links or references to objectionable material. Nevertheless, Licensee agree to use the Services at Licensee's sole risk and that Chamberlain shall not have any liability to Licensee for content that may be found to be offensive, indecent, or objectionable.
